

## Interim Training Materials:

### PEARS® Providers Lesson Map Changes

Date: November 11, 2010  
For Instructors Only

---

#### Use or Purpose

These instructions will help you as a PALS Instructor to update the current (2007) PEARS Provider course materials with science from the *2010 AHA Guidelines for CPR and ECC*.

The Interim Training Materials may be used until new product lines are released. You must complete the 2010 Science Update for PEARS Instructors and begin including the 2010 Guidelines science in all courses by March 1, 2011.

---

#### 2 Weeks Before Class

Ensure that students have the following materials:

1. 2007 PEARS Provider Manual
2. 2010 Guidelines Highlights (available at [www.heart.org/cpr](http://www.heart.org/cpr))
3. Comparison chart for BLS for Healthcare Providers Student Manual
4. 2010 ECC Handbook

---

#### Day of Class Materials List for Instructors

Required materials:

1. 2007 PEARS Instructor Manual
2. 2007 PEARS Course DVD
3. 2010 Guidelines Highlights (available at [www.heart.org/cpr](http://www.heart.org/cpr))
4. 2010 ECC Handbook
5. 2010 Interim Skills Checklists for each student (available on AHA Instructor Network)
6. Use the current Written/Video Exam (no changes resulting from *2010 AHA Guidelines for CPR and ECC*)

## 7. C-A-B Sequence (video (available on AHA Instructor Network))

**Lesson Map  
Changes**

<b>2007 Lesson Map</b>	<b>2010 New Content</b>	<b>Resources</b>
<b>PEARS 3A</b>	Show C-A-B Sequence video to demonstrate new sequence.	Instructor Network
<b>PEARS 3C</b>	Use 2010 1-rescuer skills sheet for practice and BLS testing session.	Instructor Network
<b>PEARS 7A</b>	Remind students that there is insufficient evidence to recommend ROUTINE use of cricoid pressure to prevent aspiration during INTUBATION.	Guidelines Highlights

**Equipment  
Needs**

There are no additional requirements for equipment for the 2010 Interim Training. Please continue to use the equipment list in your 2007 PEARS Instructor Manual.
