

## Spencer Hospital Training Center Exam Release Form

All AHA exams are copyrighted. The AHA has given permission to each Training Center to make copies of the exams to give to their instructors to use but maintaining strict security.

Each set of exams includes: One post exam marked "A" and one post exam marked "B". The "A" exam must be used as the first exam. If the student scores less than 84% on the "A" exam, the "B" exam will be given to the student. The student should be given an opportunity to review the annotated key after the exam is taken.

Please read the following:

1. I will be responsible for tracking each post examination copy and answer keys that I make. All exams, annotated keys and score sheets are to be collected by the instructor at the end of the course. Participants will not be allowed to keep or copy the exams or answer sheets. I will keep these exams under lock and key.
2. I am aware these exams are to be used with the new 2005 AHA Guidelines and support materials (or most current).
3. I am aware these exams are to be used by the AHA Instructors who have attended a Guidelines 2005 Roll-Out Update for instructors or have taken an Instructor Course since July 1, 2006.
4. I will not post AHA exams on a website.
5. I will not change the AHA exams in any way.

***I have read and will comply with the above information given in this release form. If I fail to comply with the above guidelines, I realize my alignment with the Spencer Hospital TC will be terminated.***
